00-DOE-03835

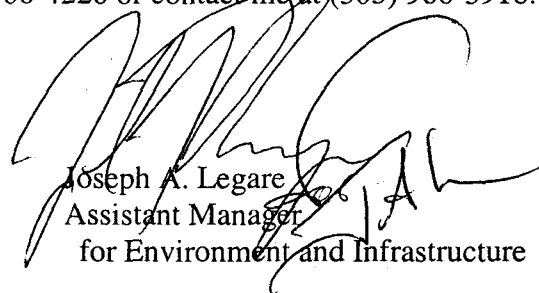

Mr. Steven Gunderson
Rocky Flats Cleanup Agreement Coordinator
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, Colorado 80246-1530

Dear Mr. Gunderson:

Enclosed please find a copy of the Draft Comprehensive Risk Assessment (CRA) Methodology. Note that the Draft CRA Methodology size of the open space exposure unit (EU) still needs to be finalized with the U.S. Environmental Protection Agency, Region VIII, and the Colorado Department of Public Health and Environment project staff. We intend to resolve the EU size issue with the regulatory agencies during the review period for this draft document.

We are submitting this Draft to continue the consultative process while the Rocky Flats Field Office staff is also reviewing the document. The Draft CRA Methodology is submitted for your review and subsequent approval by regulatory agency staff as a stand-alone document. Once approved, the CRA Methodology will be included as an attachment in the Industrial Area Sampling and Analysis Plan. The methodology will also be included in the Rocky Flats Cleanup Agreement Implementation Guidance Document.

If you should have any technical questions related to this CRA Methodology, please contact my staff, Norma I. Castaneda at (303) 966-4226 or contact me at (303) 966-5918.

Joseph A. Legare
Assistant Manager
for Environment and Infrastructure
